

USAID MUNICIPAL CLIMATE CHANGE STRATEGIES PROJECT

KRIVOGASTANI

ENERGY EFFICIENT
ADAPTATION
OF
PUBLIC BUILDINGS

PRIMARY OBJECTIVE: Municipal stakeholders better prepared to cope with local climate change challenges

PERIOD OF PROJECT IMPLEMENTATION: September 2012 - February 2017

FUNDER: U.S. Agency for International Development (USAID)

IMPLEMENTER: Association for Sustainable Development Milieukontakt Macedonia

TOTAL PROJECT BUDGET: 2.800.000 US Dollars

The USAID Municipal Climate Change Strategies Project implemented by the Association for Sustainable Development - Milieukontakt Macedonia, aims to strengthen civil society, raise awareness, boost citizen activism and increase resistance to climate change on local level.

Using the unique methodology - Green Agenda, this project unites civil society organizations, citizens, the private sector, and municipal authorities, to develop a consensus based strategy and action plan for coping with climate change.

USAID and Milieukontakt Macedonia support municipalities to adapt to and mitigate the effects of climate change. By implementing pilot projects and urgent actions in partner municipalities the project improves local resilience to Climate Change.

PROJECT FACTS

PILOT PROJECT IN KRIVOGASTANI

Energy Efficient
Adaptation
of Public Buildings
